Google & Google Scholar

Agenda

- 10 - 15 minutes of examples
  - Both Google Scholar & other Google products
- People sharing Google tips & tricks

How I Present Google Scholar

In many respects Google Scholar and Summon compete directly in trying to bring together everything from many different academic sources.

http://ezproxy.lib.ucalgary.ca:2048/login?url=http://scholar.google.com

Use this link to Google Scholar if you are off campus, because the proxy server gives you access to links to our digital subscriptions

The Green Book about Napoleon

A student approached a librarian at UC Berkeley. The student needed to find the green book that he had read about Napoleon. Of course the student couldn't remember the author, or the title, or the call number. How did the librarian find the book using Google?
